2012 Docents who completed the training program.

Become a Museum Docent!

Learn how to lead tours in the Train Shed Exhibit Building, on the train, and at the Snoqualmie Depot. Docents are trained in historical interpretation and teaching methods, provided with a main theme and key points, and given information they can use to create and build fun and interesting tours.

Training consists of a 2 hour info session followed by four 3-4 hour training sessions on Saturdays in May and June. Docents are required to attend all sessions in order to complete the training* and qualify as Museum Docents. (*Trainees must complete a full tour on their own on a 5th day in order to fully qualify.)

Not sure about the program? Attend the info session and see if being a Museum Docent is for you!

New this year: Docents will be paired with a qualified Docent Mentor, who will help guide trainees towards completion of the training and successful qualification as a Museum Docent. **See required training dates above.** Please note that no food will be served during the training, however trainees are encouraged to bring a lunch since we will be meeting over the lunch hour.

RSVP required to attend. Contact the Educator to sign up today:
